Portfolio management

We have a separate fee schedule for managing renewals, transactions (e.g. assignments and licences), name changes and other corrections

Notes:

* VAT is not charged on Registry fees for UK / CTMs, but is charged on our legal fees.

** Fees quoted above cover the preparation of the documentation / dealing with formalities concerning the initial application of a trade mark. Additional costs, charged on a time spent basis, will be incurred taking a trade mark through to registration (known as the 'prosecution' of a trade mark). The level of fees will depend on, for instance, any registry / third party objections. Where there are no major objections, our 'prosecution' fees will be in the region of £150-250.
